

DPS & Parent Taught Course 106

As of November 2009, Course 101 is no longer available as a course option for Parent Taught Driver Education. However, parents who had started teaching their child through Course 101 before November and currently have **all** of the materials needed to finish the course can complete it as they normally would. All others wishing to teach their child through Parent Taught Drivers Education must select another venue (i.e.- Course 106).

The **Parent Taught Driver Education Program** is available to teenagers between the ages of 14 and 17. However, before the instructor (parent, stepparent, grandparent, step-grandparent, foster parent or legal guardian) begins teaching this course, the instructor must have a valid TEXAS driver license for the preceding three years. Active US military personnel and their spouse may participate as instructors if they hold a valid license from their state of permanent residence or last duty station for the preceding three years.

The instructor cannot have a conviction (including a probated sentence) of criminally negligent homicide or driving while intoxicated. The instructor's license may not be suspended, revoked, or forfeited in the past three years for traffic related violations.

IMPORTANT—In order to apply for a Parent Taught Driver Education Program, you must complete the DL-92 - Request Form (available at <ftp://ftp.txdps.state.tx.us/forms/dl-92.pdf>) and submit with a \$20.00 non-refundable fee (check or money order only) to:

An additional Request Form and \$20.00 non--refundable fee are required for each student who will be participating in the Parent Taught Driver Education Program. Please allow 2 - 3 weeks for delivery.

The Request Form must be completely filled out with original signatures or the process will be delayed. Upon receipt of your Request Form, a DE-964 Certificate will be assigned to the student and forwarded to the designated Driver License Office where the student will apply for the license and take the required tests. The DE-964 Certificate will be maintained and available at the designated Driver License office for the instructor to complete. The Parent Taught Driver Education packet will be mailed to the instructor's address.

After you have received your DPS packet, you may then order your Course 106 materials at the **Total Price of \$85.00** (S&H, taxes included—per packet) by printing off the [Parent Taught Order Form](#) from the TDTSEA website and mailing in a Cashier's Check/Money Order to the address listed! For additional information concerning Parent Taught Driver Education, please visit the [Texas DPS Parent Taught Webpage](#)
